

KORONAVIRUS – UKREPI ZA PREPREČEVANJE OKUŽBE

Spoštovani poslovni partner,

glede na izbruh koronavirusa v Evropi in Sloveniji, smo sprejeli nekatere preventivne ukrepe za preprečevanje širjenja koronavirusa. Vsi **vozniki tovornjakov morajo imeti s seboj ustrezno zaščitno opremo** (masko za zaščito dihalnih organov, rokavice za enkratno uporabo, dezinfekcijsko sredstvo) ter upoštevati vse priporočene higienske ukrepe za preprečevanje širjenja virusa. Po prihodu na lokacijo Plinarne Maribor, Plinarniška ulica 9, Maribor in Ledina 26, Bohova, **morajo vozniki upoštevati naslednje ukrepe:**

- vhodna vrata za stranke so zaprta in z obvestilom, da je vstop dovoljen samo zdravim osebam. Voznik pozvoni, receptor odpre. Voznik se obvezno legitimira pri receptorju/varnostniku,
- vozniki morajo ob prihodu na lokacijo obvestiti receptorja/varnostnika o zdravstvenem stanju, ki bi bilo lahko povezano z okužbo s koronavirusom (povišana temperatura, kašljanje, oteženo dihanje),
- receptorji/varnostniki bodo preprečili vstop na lokacijo vsem voznikom, ki bodo kazali znake okužbe s koronavirusom,
- upoštevati vsa ostala navodila receptorjev/varnostnikov in zaposlenih v Plinarni Maribor,
- izogibati se neposrednim stikom z zaposlenimi Plinarne Maribor in upoštevati minimalno priporočeno medosebno razdaljo (1,5 metra),
- vozniki morajo ostati v neposredni bližini kamionov in po nakladu/razkladu tovora takoj zapustiti lokacijo.

Ukrepi bodo ostali v veljavi do prenehanja tveganja, povezanega s koronavirusom.

Hvala za razumevanje.

KORONAVIRUS – MEASURES TO PREVENT INFECTION

Dear business partner,

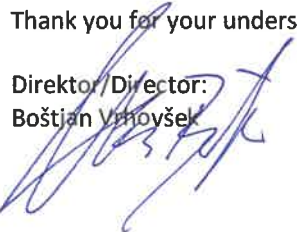

due to outbreak of Coronavirus in Europe, we decided to implement some preventive measures to curb transmission of Coronavirus. All truck drivers must carry suitable protective equipment (respiratory protection mask, disposable gloves, disinfectant) and follow recommended hygiene measures to prevent risk of spreading the virus. After arrival to location of Plinarna Maribor, Plinarniška ulica 9, Maribor and Ledina 26, Bohova truck drivers must observe the following measures:

- the customer's front door is closed and informed that only healthy people are allowed entry. The driver rings, the receptionist/the security guard opens. The driver must be legitimated at the receptor/the security guard,
- inform the receptionist/the security guard about their health status which could be related to the infection with Coronavirus (fever, cough, shortness of breath and breathing difficulties),
- the receptionist/security guard will prevent entrance to every driver that shows signs of Coronavirus infection,
- observe instructions given by the receptionist/the security guard and employees in Plinarna Maribor,
- avoid unnecessary contact with Plinarna Maribor employees and maintain minimum recommended distance to persons (min. 1,5 m),
- drivers must stay in the immediate vicinity of the trucks and immediately leave the location after loading/unloading of goods.

The measures shall remain in force until the termination of the Coronavirus risk.

Thank you for your understanding.

Direktor/Director:
Boštjan Vrhovšek
